A Brief Note

We are pleased to offer you our new listing of Zeppelins and Aerophilately. This list is only a small part of our Aerophilately stock. If you don't see what you are looking for - please ask! Strongest in Worldwide Zeppelin flights, this list includes rarities as well as U.S. and Worldwide DO-X, Catapult Balbo flights, etc. As items are virtually all are one-of-a-kind, we suggest ordering early to avoid disappointment. If possible, a list of alternates is appreciated. Time payments are possible. However, with the specialized nature of this list, discount plans such as the Monthly Purchase Plan are not applicable.

Photocopies of any item will be sent, emailed or faxed on request. Or see our web site at www.hgitner.com for color photos of every item!

All covers not otherwise described are in F-VF or VF condition. As always, SATISFACTION GUARANTEED!

1933-34 US Flight to Rome - Crash in Ireland

George R. Pond and Cesare Sabelli attempted a "Non-Stop" Transatlantic Flight to Rome, Italy 1933 from New York that, due to the crash in Ireland and subsequent repairs, didn't arrive in Rome until June 11, 1934
The Four Covers we have listed on our price list and web site are new to the market. They were discovered several years ago among a remainder part of the Estate of John A. Klemann, Nassau Stamp Co., active 1849-1941. They were among the largest stamp dealers in the US in the 1900's-1930's and handled many important properties including the "Earl of Crawford" U.S. collection, Grinnell Hawaii Missionaries, and countless others. He was famous for his lowball offer of the C3a airmail invert sheet and owned the discovery sheet of C3 grounded planes. This flight is best described in the 1998 Irish Crash Airmail Catalogue by Ronny Vogt whose numbering system we use. AAMS uses TO #1207.0 See the link on our website (under Pricelist, scroll down to Topicals) to the nine pages of history, listings and photos: https://www.hgitner.com/pdf/Irish-Crash-Airmail-Pages.pdf
